

CREATIVE EXPERIENCE

Knowles Electronics *Itasca, IL Freelance Industrial Designer; 2012*

Well known hearing aid device manufacturer and supplier. Within a short timeframe created presentation materials including inspiration board, concept sketches, final design renderings with alternative designs.

Jana Care *Bangalore, India Freelance Industrial Designer; 2012*

Start up company providing health care information and services to peoples with diabetes. Currently working on information packet for new diabetes patients. Also working on UX of user-centric learning website.

Tenet *Southampton, NY Freelance Photographer/Designer; 2012*

Clothing company in second year of doing business. Taking photographs to help build online presence and increase web store catalog.

Hasbro - Future Now *Pawtucket, RI Intern; Winter 2011*

Concept sketching, research gathering, information organizing. Participated in brainstorming activities. Learned how an idea goes from paper to production in a large corporation.

the Calm-a-Lid *New York, NY Partner/Chief Designer*

Created concept sketches, mock-ups and flat patterns for Alpaca head-cover. Also created branding, website and patent documents. In charge of manufacturing, business documents and organization.

RISD Material Library *Providence, RI Student Collaboration; Fall 2009 - Spring 2010*

Worked with graduate and undergraduate students to create an informational advertisement board to generate awareness of the necessity of a new RISD Material Library.

Sony Music Creative Department *New York, NY High School Intern; Spring 2006*

Organized original artwork into specialized document binders. Scanned and touched up photographs; edited graphics.

STUDIO EXPERIENCE

Product Design and Development *MIT/RISD Industrial Designer/ Researcher; Spring 2011*

Collaborative project with another RISD students, seven MIT students, Design that Matters and Solar Ear. Helped to create sketches, models, presentation material and conduct interviews with professionals.

Puzzle Pieces & Frames *RISD Providence, RI Independent Study; Fall 2010*

Project exploring behavioral tool for Autistic Children who display stereotypic behavior. Researched different practices to best inform concepts. Ideas were sketched, formatted and used to help create a comprehensive booklet about the behavioral tool.
